Fundraising Updates:

As of July 21st, our committee has raised 5,344.93. This money was raised at the grassroots level. I do not take donations from corporations or any dark money PACs. My opponents (T.C Clements & Joe Bellino) have received over 100k in donations. Unfortunately, the way our country is set up, money is a big factor in our Michigan elections. Please encourage your friends and family to donate to our campaign so we actually have a fighting chance this November.
